OFFICE OF THE DISTRICT MEDICAL OFFICER
2 SEP 1932
BELLARY

Sir,

Reference:- Appointment of qualified midwives - Rural dispensaries Hirehal and Kamalapur.

I have the honour to solicit the sanction of Government for the sanction of subsidy for the appointment of a qualified midwife to the Rural Dispensaries ~~(Kirehal~~ Hirehal (Bellary Taluk Board) and Kamalapur (Hospet Taluk Board).

2. The District Board has been training at its cost two midwives every year so as to afford in course of time maternity relief to rural areas. One midwife is now ready returned after training and another is expected in November 1932. Both have no prospects of employment in any existing allopathic institutions.

3. There is dire necessity to provide all the Rural Medical Institutions with midwives. The Taluk Boards cannot afford to meet any portion of the cost on this account. As the District Board has provided for the training of the midwives required for these institutions I request that Government will come to the aid of these Boards by -- sanctioning the necessary subsidies.

I have the honour to be,

P.T.O

Sir,

Sir,

Your most obedient servant,

President.

2. In G.O.No. 472 P.H., dated 3rd March 1932 the Government have ordered that the appointment of midwives in subsidised rural dispensaries in which they have not been employed hitherto should be deferred owing to the present financial stringency and retrench--ment in expenditure. The District Medical Officer, Bellary reported that no midwives were employed in the subsidised rural dispensaries at Hirehal and Kamalapur under the Taluk Boards, Bellary and Hospet respectively,

respectively since their opening. No midwives with Government subsidies can therefore be appointed to these two subsidised rural dispensaries. There is, however, no objection to the Taluk Boards employing midwives in these two subsidised rural dispensaries pro-vided their subsidy is met entirely from the funds of the respect-ive Taluk Boards.
